Release of Rebate Funds Form

Property Owner Authorization • PRWC Water Conservation Rebate Program

TO BE PROVIDED TO PROPERTY OWNER

By participating in the PRWC Water Conservation Rebate Program, you are agreeing to the following terms and conditions. If the rebate is being assigned to an authorized representative or third party, the property owner still maintains that the following terms have and will continue to be met, and will make available their property for an inspection (if required) per the Terms and Conditions of the rebate application for the rebate being provided. Visit SavePolkWater.org to view the program details.

Please read and retain the following program participation terms and conditions for your records:

1. By applying for a rebate in this program, personal information listed on your application may be subject to disclosure to requesting parties pursuant to the Florida Public Records Act.
2. Not all agencies participate in this program and not all program elements may be available in each participating water agency service area. Device(s) must be installed in the participating water service area in order to qualify for rebate.
3. Rebates are 50% of the device cost, up to $50 for a wireless rain sensor and up to $125 for a WaterSense® smart irrigation controller. The device cost excludes tax.
4. Rebate amount and requirements are subject to change without advance notice.
5. Rebates are available on a first-come, first-served basis and are subject to the availability of funds.
6. PRWC reserves the right to verify and inspect rebated devices. If a device installation cannot be verified, the applicant will be required to refund the rebate amount, including all associated processing costs. Access to the rebated device(s) must be provided.
7. A reduced water bill is not guaranteed.
8. Estimated rebate amounts may be incorrect if inaccurate or incomplete information is submitted during the application process.
9. Rebate applications must be complete and are subject to verification and review for accuracy, including all necessary documentation. Necessary documentation includes, but is not limited to, a copy of the purchase receipt. The receipt or invoice must include the make, model, model number, date of purchase, and proof of full payment.
10. Email addresses provided on the application may be used to communicate additional available rebates or programs.
11. Technology or device must meet the qualifications specified in the General Requirements of the rebate. Visit SavePolkWater.org to view the requirements.
12. A customer address previously rebated through PRWC or its water agency programs may not be eligible to receive another rebate for the same type of device, unless eligibility specifically identifies inclusion. PRWC verifies past participation using the information provided in the rebate application and data provided through past programs. It is the applicant's responsibility to provide accurate information (i.e. street name, unit/apartment number if applicable, etc.) to allow for proper past participation verification.
13. Applications must be created and submitted within 90 days of the purchase of a qualifying device(s) or measure(s).
14. Rebate checks will become void 90 days after being issued.
15. Some devices or products may no longer be eligible for rebates.
16. Applications with a product purchased through a third-party website (eBay, Amazon, etc.) must be submitted with a receipt or confirmation identifying the item as new.
17. By participating in the PRWC Water Conservation Rebate Program, you authorize the release of your water consumption history from your water provider.
18. Disclaimer: Neither the Polk Regional Water Cooperative (PRWC), nor your local water utility or Retail Water Purveyor, or their contractors or agents, makes any representation or warranty regarding the devices eligible for rebates under this Rebate Program, including any hazardous substances that may be contained in the device. By participating in the rebate program, the applicant agrees to waive and release PRWC, the Local Water Utility or Retail Water Purveyor, and their contractors or agents, from any and all claims and causes of action arising out of the purchase, installation or use of the devices purchased in connection with the Rebate program. Any claim you may have based upon any defect or failure of performance of a device purchased by you should be pursued with the manufacturer or distributor.

By signing the release of funds form, you are agreeing to the program terms and confirming that you understand the requirements of participation in the PRWC Water Conservation Rebate Program.
